**Total Performance Bass Boats**

# A Family Tradition

Our Bass Cat family has grown a lot over the years. Jan and I, as well as the whole family, have enjoyed our affiliation with the many customers as we have been building Bass Cat Boats for over 20 years. It has truly been a pleasure! There was no way, at the inception of this company, we could have conceived the extreme amount of success that we enjoy today. Over the years we've had many dedicated customers who have visited with us time and time again. Whether it be at our Annual Owners' Invitational Tournament or just stopping by and shooting the breeze, it is always nice to see the smiles on their faces.

In viewing this brochure, we believe you will find the reasons for the smiles on those faces. You see, as we are a small company, we can be more attentive to the customers' demands, more responsive to the needs of the industry and more innovative in our products and ideas. That is because of the tremendous commitment by ourselves, our employees, our dealers and ultimately our customers which comprise our Bass Cat family. This is truly something you must experience to understand.

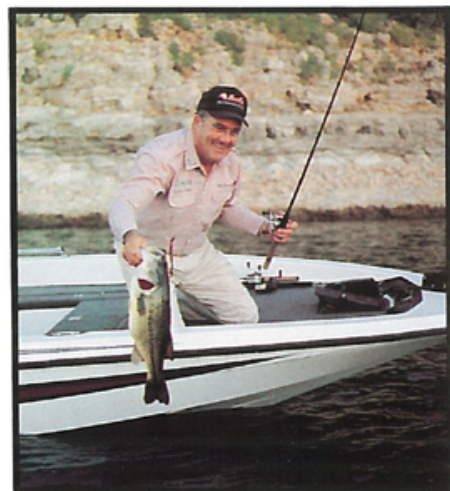

For the past three years we have worked diligently on a new revolutionary LCD dashboard to bring it from the drawing board to the prototype, to the product you see today. This has to do with that commitment. A commitment we will continue to carry throughout our product line and one which you can see as a family member at our Annual Owners' Invitational Tournament.

We would like to make you a part of our family. We want you to feel welcome as you go through this brochure and to contact ourselves or our dealers so that we might help you answer any questions in reference to your next boat purchase.

All of us at Bass Cat want to thank you for taking the time to look at our line of products. We hope this catalogue has helped you to understand our company and our products for we at Bass Cat always look forward to meeting new friends and improving our future with all of the "Cat" family.

Safe Boating and Good Fishin'

Ron Pierce

# Margay

■ We recommend you always wear a Life Jacket anytime your outboard is running...with an emergency safety switch attached.

A perfect mid-size boat for the fisherman desiring a bass boat with superb performance and handling from motors in the 75 to 120 h.p. range.

Fishermen will appreciate the dual aerated rear livewells, bench seats and high quality craftsmanship found in the Margay. We feel that, even though you don't require a "big" boat, you still expect "Bass Cat" quality and workmanship.

**STANDARD FEATURES:**

- Metal Flake Cap & Insert
- Trim Stripe on Hull
- Rope Rub Rail
- Carpeted Rod Box
- Stainless Steel Handrails
- Fused Switches
- Color Coded Wiring
- Aerated Livewells
- Bilge Pump
- 12 Volt Trolling Motor Plug
- Custom Bench & Two Fishing Seats
- Dual Aerated Livewells

**TRAILER:**

- 2500 Lb. Axle
- 3 Inch Channel Construction
- Waterproof Bearings
- Recessed/Waterproof Lights
- White Spoke Wheels
- 1200 Lb. Winch
- Custom Paint & Carpet

**SPECIFICATIONS:**

- Length .....16' 9"
- Beam .....79"
- Approx. Wt. ....880 Lb.
- Maximum H.P. Range ..75-120 H.P.

**OPTIONAL EQUIPMENT:**

- Plexiglas Windscreen
- 21 Gal. Built-in Gas Tank
- Ski Tow Bar
- Pro Butt Seat
- Recirculating Livewell w/Timer
- Rod Strap
- Lowrance Electronics
- Motorguide 730 Trolling Motor
- Flush Mount Controls: OMC, Mercury or Yamaha

# Margay II

■ We recommend you always wear a Life Jacket anytime your outboard is running...with an emergency safety switch attached.

A deluxe version of the popular Margay. Fishermen will find more "bells and whistles" to make life on the water a little more comfortable. Plus, you'll find even more "options" available to customize your boat and make it perfect for you!

#### STANDARD FEATURES:

- Metal Flake Cap & Insert
- Trim Stripe on Hull
- Rope Rub Rail
- Bubble Trim
- Carpeted Rod Box
- Stainless Steel Handrails
- Custom Bench & Two Fishing Seats
- Euro Style Rocker Switches
- Color Coded Wiring
- Dual Aerated Livewells
- Bilge Pump
- 12/24 Bow Panel w/6 Gauge Wire
- VDO Instrument Panel
- Cigarette Lighter
- Livewell Control Valve
- Front Trim Switch
- Deluxe Steering Wheel
- Two Courtesy Lights
- Premounted Horn
- Livewell Timer
- Trimmed Floor Edging
- Rod Strap
- Lockable/Carpeted Storage
- Built-In 21 Gal. Fuel Tank
- Running Lights
- Graphics Dash Panel

#### SPECIFICATIONS:

- Ski Tow Bar
- Pro Butt Seat
- Dual Steering
- Recirculating Livewell w/Timer
- Lowrance Electronics
- Motorguide 730, 750, ESP, 665 or 765 Trolling Motor
- Flush Mount Controls: OMC, Mercury or Yamaha

# Caracals

■ We recommend you always wear a Life Jacket anytime your outboard is running...with an emergency safety switch attached.

The Caracal is considered the "Hot Rod" of the Bass Cat line. The Caracal will outperform, percent-wise per H.P., any boat in our line. Tournament fishermen will certainly appreciate the performance and handling of this 17' boat.

The Caracal II utilizes the same layout as the standard Caracal, but has many added deluxe features similar to those found on our "top-of-the-line" Pantera II.

#### STANDARD EQUIPMENT:

- Graphic Dash Panel
- Deluxe Steering Wheel
- Bubble Trim
- Metal Flake Cap
- Trim Stripe on Hull
- Livewell Control Valve
- Circuit Breakers
- Carpeted Floor Edging
- Three Seat Positions
- Two 13" Seat Extensions
- Front Light Switch
- Euro Style Rocker Switches
- Removable Rear Lids
- Dual Rear Livewells
- Rear Cinch Block
- VDO Instrument Panel
- Stainless Steel Handrails
- Lockable Storage Boxes
- Hydraulic Lid Openers
- Metal Flake Insert
- Running Lights
- Tackle Box Shelf
- Master Switch
- Indicator Lights

- Horn
- Four Cleats (Flush Mount)
- Two Fishing Seats
- 12/24 Bow Panel w/6 Gauge Wire
- Front Trim Switch
- Passenger Handrails
- Rod Strap
- Rope Bump Molding
- Dual Steering
- PVC Enclosed Wiring Harnesses
- Color Coded Wiring

#### CARACAL II (Added Equipment)

- Built-In Battery Chargers (3) (II)
- Lighted Storage Boxes (II)
- CMC Jackplate (II)
- Two Lowrance 1240-A's (F&R) (II)
- Dual Bilge Pumps (Auto or Man.) (II)
- Dual Aerators w/Timers (II)
- Console Tray w/Lighter (II)
- Four Interior Courtesy Lights (II)
- Battery Check Gauge (II)
- Front Accessory Switch (II)
- Dual Tanks (II)

#### SPECIFICATIONS:

Length	.....17'
Beam	.....89"
Approx. Weight (STD)	....1050 Lb.
Fuel Capacity (STD)	.....27 Gal.
Approx. Weight (II)	.....1150 Lb.
Fuel Capacity (II)	.....46 Gal.
Maximum H.P. Range	..115-150 H.P.

#### OPTIONAL EQUIPMENT:

- Silhouette Package
- Flush Mount Controls: OMC, Mercury or Yamaha
- Pro Butt Seat
- Lowrance Electronics
- Motorguide 750, ESP, 665 or 765
- Ski Ladder & Tow Bar
- Elevated Flipping Deck
- Hydraulic CMC Jackplate
- Pro Aeration
- LCD Digital Dash
- Custom Boat Cover

# Sabre

■ We recommend you always wear a Life Jacket anytime your outboard is running...with an emergency safety switch attached.

The 18' Sabre may be the "sleeper" of the Bass Cat line. This boat is a true tournament angler's dream machine. Anglers will find plenty of storage both within the deck layout as well as under the bench seats. Dual rear livewells are found behind the seats, and with the same standard equipment as found on our top of the line Pantera II.

An optional Flippin' Deck as shown below is a welcome addition for tournament anglers who like to do a lot of flippin' in the brush, plus, it allows for added storage space.

A dual console Sabre is also available for those who enjoy skiing as well as fishing, or simply prefer the appearance of the dual console model.

#### STANDARD EQUIPMENT:

- Built-In Battery Chargers (3)
- Lighted Storage Boxes
- CMC Jackplate
- Two Lowrance 1240-A's (F&R)
- Dual Bilge Pumps (Auto or Man.)
- Dual Aerators w/Timers
- Graphic Dash Panel
- Deluxe Steering Wheel
- Bubble Trim
- Metal Flake Cap
- Trim Stripe on Hull
- Console Tray w/Lighter
- Four Interior Courtesy Lights
- Livewell Control Valve
- Circuit Breakers
- Carpeted Floor Edging
- Three Seat Positions
- Two 13" Seat Extensions
- Battery Check Gauge
- Front Light Switch
- Euro Style Rocker Switches
- Removable Rear Lids
- Front Accessory Switch
- Dual Rear Livewells
- Rear Cinch Block
- VDO Instrument Panel
- Stainless Steel Handrails
- Lockable Storage Boxes
- Hydraulic Lid Openers
- Metal Flake Insert
- Running Lights
- Tackle Box Shelf
- Master Switch
- Indicator Lights
- Horn
- Four Cleats (Flush Mount)
- Two Fishing Seats
- 12/24 Bow Panel w/6 Gauge Wire
- Front Trim Switch
- Passenger Handrails
- Rod Strap
- Rope Bump Molding
- Dual Tanks
- Dual Steering
- PVC Enclosed Wiring Harnesses
- Color Coded Wiring

• Shown with optional Elevated Flipping Deck.

#### SPECIFICATIONS:

Length .....18'  
 Beam .....90"  
 Approx. Weight.....1250 Lb.  
 Fuel Capacity.....42 Gal.  
 Maximum H.P. Range ..135-175 H.P.

#### OPTIONAL EQUIPMENT:

- Dual Consoles
- Silhouette Package
- Ski Ladder
- Ski Tow Bar
- Flush Mount Controls: OMC, Mercury or Yamaha
- Pro Butt Seat
- Lowrance Electronics
- Motorguide 750, ESP, 665 or 765
- Elevated Flipping Deck
- Pro Aeration
- Custom Boat Cover
- LCD Digital Dash

# Classic

■ We recommend you always wear a Life Jacket anytime your outboard is running...with an emergency safety switch attached.

The Classic features the same 19' length and hull design as our top of the line Pantera II. This design provides the ultimate in "Big Boat" performance and handling in all types of water conditions, giving you a safe and dry ride. Dual full length rod boxes and front deck storage hold all the rods and equipment needed for a serious day of fishing. Additional storage is found under the driver and passenger bucket seats or under the optional bench seat shown in the photos. An ice chest is located between the seats, with dual rear livewells located behind them.

A dual console is available in the Classic for those who use their boat for skiing as well as fishing, or just prefer the appearance of the dual consoles.

The Classic's hull design and overall quality hand craftsmanship provide the best overall performance of any bass boat on the market...bar none.

#### STANDARD FEATURES:

- Graphics Dash Panel
- Lockable/Carpeted Storage Boxes
- Metal Flake Cap
- Stainless Steel Handrails
- Rod Strap
- Front Trim Switch
- 12/24 Bow Panel w/6 Gauge Wire
- VDO Instrument Panel
- Two Fishing Seats
- Dual Steering

- Built-In Battery Chargers (3)

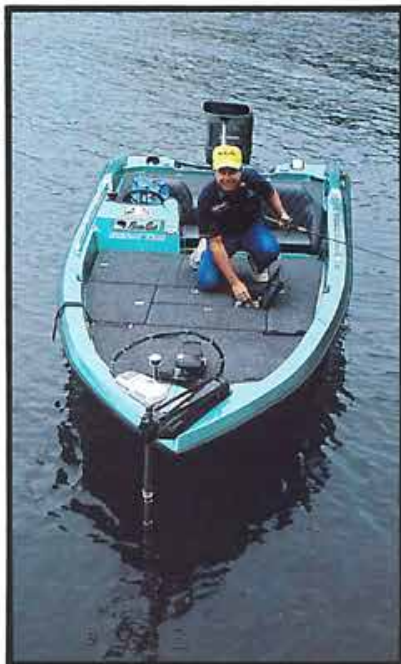

#### SPECIFICATIONS:

- Length .....19"
- Beam .....92"
- Approx. Weight .....1250 Lb.
- Approx. Weight (DC) .....1350 Lb.
- Fuel Capacity .....36 Gal.
- Maximum H.P. Range...115-200 H.P.

# Pantera II

■ We recommend you always wear a Life jacket anytime your outboard is running...with an emergency safety switch attached.

Dave Fenton, 3-time B.A.S.S. Classic Qualifier, shown with the Optional Flippin' Deck Insert.

The Panthera II is the "Rolls Royce" of the Bass Cat line. From the eight stringer hull to the LCD Digital Dash, the Panthera II is pure perfection in quality craftsmanship. Years of planning and discussions with professional fishermen have produced a boat unsurpassed in the industry. This Panthera's innovative 19' hull was a 1st in the bass boat industry. Today it is probably the most copied size due to its popularity among the ranks of serious fishermen.

Standard features, such as the LCD Digital Dash, built-in battery chargers, fully lighted rod and storage boxes, two Lowrance 1240-A's, battery checkers and step-on trim switches are a few features which illustrate the forethought which went into the production of the Panthera II.

The hull design and overall hand craftsmanship of the Panthera II provides the best "rough water," no porpoise, ride of any bass boat on the market...bar none. Compare the performance, handling, rough water ride and quality craftsmanship of the Panthera II to any bass boat...bar none.

The Panthera II DC is a dual console model of the Panthera II. You will find the same exacting attention to detail, features and construction, but with an added console for your passengers' protection from the elements. This dual console model is also preferred by many who utilize their boat for both fishing and water skiing...and some just like the appearance of dual consoles better.

The Panthera II and Pantera

### LCD DIGITAL DASH

The Bass Cat LCD Dash Panel does more than these Basic Features can list. It offers the Tournament Fisherman dependability, at the touch of a finger. The LCD Screen is driven from a 12K micro processor thru solid state circuitry. Obviously we could have done many things with this processor, however, there are no gimmicks in our boats.

This new LCD Screen is Standard Equipment on all '94 Pantera IIs.

Lighted Storage and Rod Box Compartments

CMC Jackplate

Angle Cut 12/24 Bow Panel w/6 Gauge Wire and Step On Trim Switches

Silhouette Package (Optional)

The Silhouette Package consists of a Metal Flake hull with a Gel Coat Boot. The top deck and hull striping offers the customer the ultimate in custom effects.

SS Custom Seats

Mark Davis, 4-time (4 of 6 yrs.) B.A.S.S. Classic Qualifier, appreciates the roominess of the console seating.

# Quality Craftsmanship...

Quality craftsmanship at Bass Cat is a family tradition which is uncompromised. Customer satisfaction is the basis of our success, of which we are very proud...hopefully you look for it in every facet of the Bass Cat. As you look at this "Family Album" from the Bass Cat factory, keep in mind that our boats, trailers, interior seating and the embroidery on the Bass Cat Jackets are made from raw materials at Bass Cat, not made for Bass Cat. When we put our name on our boat, we know it meets our uncompromising Quality Craftsmanship standards, not someone else's.

# Trailers

Most people take the trailer sitting under that shiny new boat for granted...but we at Bass Cat take our trailers very seriously. Unlike most boat manufacturers, Bass Cat builds Bass Cat Trailers...one at a time, to fit the specific hull of each model of boat. Every member and cross support is jigged, fitted and welded to exact tolerances... there is zero adjustment on our trailers. All axles are jigged and welded in a pattern weld to assure minimal tire wear from caster to camber.

Each trailer is painted and carpeted to color coordinate with the boat for which it was built.

At Bass Cat your safety and the investment you have made in your boat are not taken for granted...we demand quality craftsmanship, it's a family tradition.

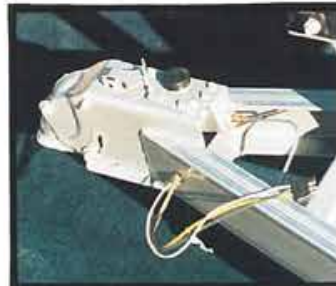

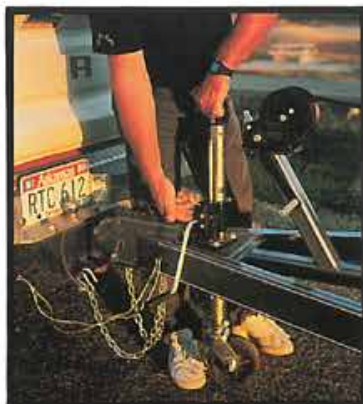

#### STANDARD FEATURES:

- 3000 Lb. Axle
- Waterproof Bearings
- 4" Steel Channel Construction
- 1200 Lb. Winch
- Quick Release Crank Jack
- Recessed Spare Tire Mount

- Aluminum Wheels
- Tandem Axle Trailer
- Surge Brakes
- Extra Bearing & Hub (Mounted Under Spare Tire)
- Removable Tongue
- Clear Coat Finish (2 coats required on white trailers)

NOTE: Trailer surge brakes are standard on Pantera, and Sabre Trailers.

# Bass Cat Invitational

Every year we look forward to our "Family Reunion" ...The Bass Cat Invitational on Lake Norfolk. We call this a family reunion because it's one time each year all Bass Cat owners (our family) are invited to Mountain Home, Arkansas for some good ole Ozarks hospitality. Our only goal is to show our sincere appreciation to our family of Bass Cat owners.

The two-day Invitational begins with registration starting the Friday evening before. Saturday morning is truly a sight to behold, as the sun peeks over the mountains your heart starts pounding a little faster as the daylight reveals a bay with little lights dancing all around on the water. It's not often that you see such a spectacle as 500-600 Bass Cat boats staged for a tournament takeoff. It is an overwhelming sight.

The Bass Cat Invitational is a family affair, we provide an atmosphere for family participation with Rubber Duck Hunts, Kids' Contests, and even an event for the wives.

Following the first day's weigh-in and a little time to relax and swap a few fishy stories. That evening we all get ready to attend a real honest to goodness Ozark Barbecue and an evening of fun with our friends...totally alcohol free. After all are so filled they feel like their little bellies will pop, we provide a few drawings for prizes, with the final drawing which has included a new boat and trailer... not many leave early at this affair.

Sunday morning brings the final day of competition and some serious thinking, and wondering if any of those fish stories had any truth in them. The afternoon's weigh-in provides a little computer printout that makes several folks really appreciate this year's "Family Reunion." One thing for sure, even if you don't receive one of the diamond rings for winning "Big Bass" honors, nor one of the boat and trailer rigs for catching a mess of fish...you will receive a few days of memories which you will always cherish. We promise you on the way home you will be looking forward to the next "Family Reunion."

So, come on over and visit with us, we think you will meet some really nice people and make some memories to last a lifetime. We look forward to meetin' all of you!

**Total Performance Bass Boats**

### LIMITED FIVE-YEAR WARRANTY

Bass Cat Boats warrants, to the original purchaser, each new boat or trailer used for noncommercial uses, to be free from defects in workmanship and material for a period of two (2) years under normal conditions of recommended use, with a five (5) year hull warranty under the same conditions.

To validate this warranty, the boat registration card must be returned to Bass Cat Boats within fifteen (15) days after original purchase. All boat manufacturers are required by Federal law to notify first purchasers in the event any defect is discovered "which creates a substantial risk of personal injury to the public," or any noncompliance by manufacturer. The failure of any purchaser to fill out and return the warranty registration card may make it impossible for Bass Cat Boats to give direct notice to such purchaser.

During this two-year period, any authorized warranty repairs will be made free of charge by Bass Cat Boats at their manufacturing plant in Mountain Home, Arkansas, or at their option, by an authorized Bass Cat Boats boat dealer at the dealer's store or service center. Transportation costs to the factory are the responsibility of the purchaser. All warranty repairs must be approved by Bass Cat personnel, whose decisions are final.

This warranty does not apply to (1) any boat which shall have been repaired or altered in any way so as to affect its use and operation; (2) gelcoat cracking, crazing, blistering, or discoloring; (3) windshield breakage; (4) any boat which has been subject to misuse, negligence or accident, or used for racing or commercial purposes or operated contrary to any printed instructions furnished by Bass Cat Boats; (5) upholstery damage; (6) accessories, steering systems, pumps, lights, and other equipment not manufactured by Bass Cat Boats (these are covered by the warranties (if any) of the respective manufacturers supplying these items and are not covered under this limited warranty); (7) any boat which has been overpowered according to the maximum recommended engine horsepower specified on the capacity plate affixed to the boat.

This warranty is expressly in lieu of all other warranties, express or implied, including any implied warranty of merchantability or fitness for a particular purpose, and in lieu of all other obligations or liabilities on the part of Bass Cat Boats, and Bass Cat Boats expressly denies on the part of any person to incur or assume for it any other liability in connection with the sale or use of its boats and trailers. Implied warranties, if any, given by valid law shall be limited to the duration of this written warranty.

The obligation of Bass Cat Boats, under this warranty, shall be limited to the repair or replacement of any part which is judged defective by Bass Cat Boats. Bass Cat Boats will not be liable for haul-out, launching, towing or storage charges, inconvenience or loss of time or income, or any other special or consequential damages of any kind or nature.

The information in this literature is based upon the latest product information available at the time of publication approval. Bass Cat Boats reserves the right to make changes anytime, without notice, in the colors, equipment, specifications, materials, hulls, prices, and to discontinue models. When changes are made, we reserve the right to do so without incurring the obligations to equip or modify existing models built prior to the date of such changes.
