TOTAL PERFORMANCE BASS BOATS

WE BUILD DREAMS ...

NO ONE MAKES THE PERFECT BOAT ... WE JUST MAKE THEM BETTER!

In advance we would like to *thank you* for looking over our boat line. Jan and I began Bass Cat Boats in 1971 and have continued through those years with few tarnishes on our armor. We have remained a pioneering company with innovative ideas from the outset.

We have changed the face of our industry with real ideas from recessed trolling motor wells to the Pantera II of 1988 with more standard design and accessory features than any bass boat manufacturer had ever considered. New horizons were opened here as we began the new rounded styling. We are committed to continue our changing of the market.

In 1999 we did this with our Vacuum Compression methods which offer each of you stronger hull construction than was ever possible. This is greatly assisted by our Vacuum Molded fiberglass transom which runs the width of our boats. All of this is a process we developed ourselves. To cap this off we use a fully blended Vinyl Ester resin. This not only greatly lowers our stress cracks, it also reduces any chance of blistering on the hulls. Ask any resin manufacturer and they will tell you that a true Vinyl Ester is above the standards that many are promoting as premium grades.

All 2001 models have Fiberglass stringers, Fiberglass floors, Fiberglass hulls and the Vacuum Molded fiberglass transom. This is in contrast to much of our competition which uses a foam board product for their floors, transoms and even some stringer assemblies. They use resins which are a low grade AME version, or a General Purpose DCPD blend. Ours is better, by more standards than we can express, though they will say otherwise. This is by industry standards most don't have access to and by testing in conditions you will never place your boat under. We invite you to check out any of this information.

In other words, yes there are products out there which look good, they fish fine. Are

they built as well as ours? No! Do they care enough about the safety of your family to insure flotation standards are met? Even on our 20' and above models! We do! Boats above 20' do not require level flotation. Do they care about your safety enough to use the best products ... going beyond the standards to insure your safety? Do they have a record in the bass boat business even close to ours? Only one other company can say yes, and that is a small company located in another state which has a deep family history similar to our own. We have tremendous respect for them.

This opening letter may seem somewhat pointed. It may be somewhat bold. This could be misconstrued as arrogance or even somewhat brazen. It is factual and we have continued without financial failure, sale, or other turmoil. We will be here to take care of you and your investment. Our history proves this. Our question to you is, what is the history of our competitors? What is the history of their management team?

We own and operate this family business daily ... and our family is as important to us as yours is to you. This is our future. Not some other holding. Not some corporate holder. Not some mutual fund investment. This is what we do, and, all we do! This obviously leaves us feeling we try harder. Only you can be the judge of that.

Jan and I thank you again for looking at our product and taking the time to view this brochure. We want you to own one of our boats and learn why we are so proud of our accomplishments. We have earned them, not purchased them.

Good Fishin,

Ron Pierce

Bass Cat

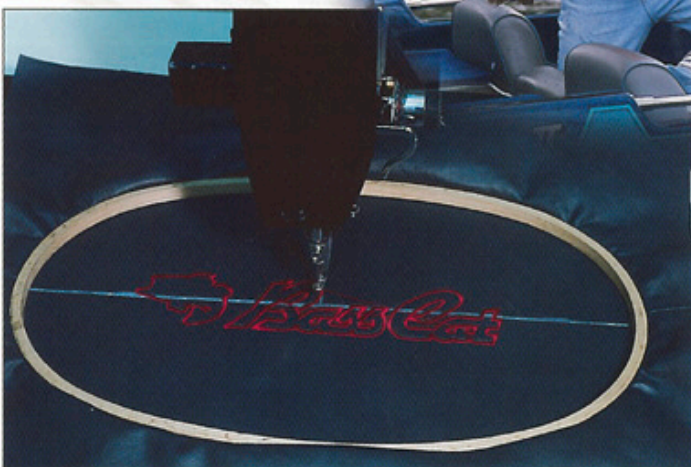

WE BUILD DREAMS ... EVERY FACET OF A BASS CAT IS BUILT TO OUR UNCOMPROMISING QUALITY CRAFTSMANSHIP STANDARDS ... NOT SOMEONE ELSE'S!

Hand craftsmanship, utilizing only the highest quality materials available, is a family tradition at Bass Cat which is uncompromising. Each step in the manufacturing process is completed by individuals who demand quality ... with attention to the smallest detail in every phase of the boat building process. Customer satisfaction, while continually striving for perfection in our products is the basis of our success, of which we are very proud. Hopefully you look for it in every facet of the Bass Cat Boat. As you look at this "Family Album" of photos taken throughout the Bass Cat factory, keep in mind that our boats, trailers, seating, wiring harnesses, even the embroidery on the Bass Cat seats are all made from raw materials at Bass Cat, *not made for Bass Cat.*

When we put the Bass Cat name on our boat, we know that every facet of the final product meets our uncompromising Quality Craftmanship standards ... *not someone else's.*

JAGUAR

The Jaguar can be described with just one word ... **AWESOME!** Our "Top of the Line" Jaguar is "all fiberglass" featuring Vinyl Ester Resins, the 20'3" hull provides the perfect balance of high performance combined with the "ultimate" in fishing comforts in all types of fishing situations. It's stable, yet agile even in rough water, and a dream to drive. It simply has all the "bells and whistles" ... in a package designed to exceed the demands of even the most discriminating touring pro.

Performance is a word which has always been associated with Bass Cat Boats, the 20' Jaguar delivers. Passengers will swear they are out for a Sunday drive, even as their cheeks and eyelids are pulled back as they sense its smooth acceleration to a blistering "top end". And, when you "shut it down" tournament fishermen and their partners will never get in one another's way, nor stumble over equipment getting to the net. Wide, stable as a rock, fishing platforms offer a master rod box plus a partners rod box in the rear deck to keep all equipment organized and out of the way. Front, and rear deck, plus under seat storage compartments provide all the

additional tackle and accessory storage any fisherman could ever need or want. Three front storage compartments plus an ice box keep everything close and offer plenty of floor space for two "flippin'" close cover.

At the bow, fishermen find Bass Cat's patented recessed basin to accommodate the trolling motor foot control, and digital graphs. The basin allows the control to be flush with the deck helping relieve back and foot strain, plus it puts you 10-12" closer to the action.

At the console you will marvel at the amount of information displayed on the digital BP 101 ... RPM's, speed, distance and time traveled, surface temp, barometric pressure, and livewell temp to help monitor the day's catch to ensure a safe, healthy release. The BP101 also helps keep an accurate "pulse" on the engine while helping to gain the Jaguars ultimate performance at all levels of operation.

A dual console (DC) model is also available for those who prefer the looks and passenger convenience offered by two consoles.

This Bass Cat Jaguar is simply the "ultimate" bass boat.

Standard Features:

BP 101 Super Dash With Water Pressure Gauge • Built-in Triple Battery Charger • Lighted Storage Boxes • 6 Bolt Jackplate • Hydraulic Steering with Tilt Steering Wheel • Zircon Classic In-Dash • Dual Bilge Pumps (Auto or Man.) • Dual Aerated Livewells • Freshwater Aeration/Re-Circulation with Timers • Livewell Flush Valves • Graphics Dash Panel • Bubble Trim • Metal Fluke Cap • Trim Sarge on Hull • Console Storage Tray with Lighter and Light • Four Interior Courtesy Lights • Two 12v Accessory Outlets • Livewell Control Valve • Circuit Breakers • Carpet Floor Edging • Three Seat Positions • Battery Check Gauge • Bow Navigation Light Switch • Carling Switches • Removable Rear Lids • Front Accessory Switch • Dual Rear Livewells • Rear Circuit Block • Stainless Steel Handrails • Lockable Storage Boxes • Hydraulic Lid Openers • Running Lights • Tackle Box Shell • Master Power Switch • Horn • Four Cleats (Flush Mount) • Two Tempra Fold Down Seats • Two 13" Extensions • 12/24/36 Bow Panel Plug with 6 Gauge Wire • Front Power Trim Buttons • Passenger Handrails • Three Rod Straps • Rope Bump Holding • 52 Gallon Fuel Capacity (Dual 26 gal. Tanks) • PVC Enclosed Wiring Harness • Color Coded Wiring • Mercury Switches • Recessed Trolling Motor Basin at Bow • Large Front Rod Box with Organizer • Rear Rod Box (Passenger) 6'10" • Two Ice Boxes • Passenger Storage Box • Three Drink Holders •

Boat Color Shows: BASC1351

Passenger Foot Rest • Storage Under Bench Seat • Three Storage Areas at Bow • GI Battery Trays • Tackle Storage on Back Deck • Map Holder Under Dash • Dual Rod Straps • R&R Aluminum 30 Series Trolling Motor Battery Tray • Rod Box Organizer

• Tandem Axle Trailers are Standard

Optional Equipment:

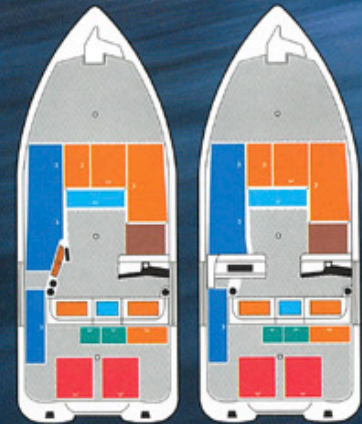

• Dual Consoles (DC) • Silhouette Package • Ski Ladder • Ski Tow Bar • Flush Mount Controls (Mercury, OMC, Yamaha or Suzuki) • Pro Butt Seat • Lowrance Electronics • Pinpoint Electronics • MotorGuide 767, TE767, TE761, TE781, PTE781, TE7107, PTE7107, 5107, and 6107 Trolling Motors (Bounce Buster included on all Trolling Motors) • Hydraulic 6 Bolt Jack Plate • Flippin' Deck Insert • Pro Aeration • Lighted Live Wells • Anchor Reins • Plexiglass Windshield • AM/FM/Cassette or Deluxe AM/FM/CD Stereo With Remote • Custom Boat Cover • Insert Cover for Trolling Motor Basin • Hamby's Bow Protector • Hot Foot • Hot Foot Slide • Teleflex Single or Dual Pro Trim • R&R Aluminum Cranking Battery Tray • Flippin' Deck Compartment

• Dual Axle Brakes (Optional) Recommended on all Jaguar Trailers.

• Available in motor combo format for added value.

• Dual Axle Brakes (Optional) Recommended on all Cougar Trailers.

BP2000 Standard Equipment

Features: Surface Temp • Fuel Gauges • Volt Meter • Clock • Programmable Aeration/Re-Circulation • Bilge • Accessory • Horn • Dual Bilge • Auto Bilge • Lighted Boxes • Burglar Alarm

The Cougars 20'3" hull is based on the "top of the line" Jaguar. Stable handling, rock solid fishing platforms, lighter weight than the Jaguar yet agile handling as it corners even in rough water. The perfect choice for the tournament fisherman who demands top end performance in a big boat.

Cougars are positioned in the line at the top of the mid range Bass Cats. Easier on your billfold while still offering "top of the line" Bass Cat "all fiberglass" quality construction throughout.

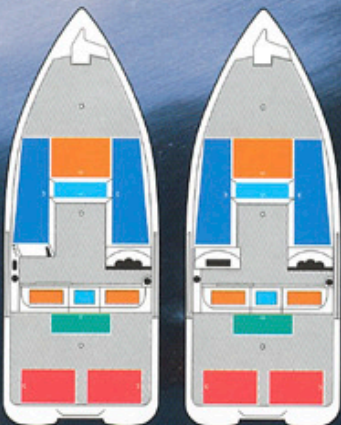

Tournament anglers will appreciate the stability of the massive decks both front and rear offering plenty of room for two flippin' tight cover. At the bow, fishermen will appreciate Bass Cat's patented recessed basin which holds the trolling motor foot control. It's flush with the deck, out of the way, puts fishermen 10-12" closer to the action, as it helps relieve back and foot strain associated with a day's fishing. This recessed area also provides space for a digital graph. Up front, two full length rod boxes will

keep all rods and reels organized and out of the way. Plus, convenient partner rod storage is accomplished with a built-in rod holder beside the passenger seat. Keeps those rods handy yet secure on those early morning tournament take-offs. Both front and rear storage compartments with additional under the bench seat storage provide all the room for tackle and other accessories any angler could ever need. Two ice chests, one at the front and one at the rear between the seats keep lunch and drinks easily accessible to all.

Optional NEW Flippin' Deck Compartment

This NEW fiberglass unit offers a vast amount of additional dry storage while extending the front deck to the console.

PANTERA III

Boat Color Shown: BASE1408

The Panthera III's aerodynamic "all fiberglass" Vinyl Ester structure provides absolutely the best rough water performance for a bass boat in its class. Bass Cat innovated the very first 19' bass boat in the mid 80's ... the Panthera has now evolved into a world class fishing machine. From the deeper "all fiberglass" hull, transom, floor and stringer system to the BP101 LCD Digital Dash, the Panthera III is pure perfection in quality, craftsmanship, and boating innovations which puts new meaning in our tag line ... *Total Performance Bass Boats.*

A big plus for tournament anglers is the patented recessed trolling motor pedal basin at the bow ... it helps reduce back, knee and ankle stress while placing anglers 10-12" closer to the action. This deck modification also allows for an additional rod box, larger storage areas, and a console design which allows even the largest of anglers *ample room and comfort* behind the Momo tilt steering wheel. High backed bench seating provides the needed support for control in the "big water." Under the seats you will find an ice chest plus an unbelievable amount of storage for props, rainsuits, and any other accessories, needed close at hand.

Passengers will find a convenient, secure rod storage shelf beside the bench seat. A roomier rear section of the deck has smooth rounded corners which are more aerodynamic. Two rear removable rear deck lids provide easy access to the guts of the boat ... batteries, bilge, aerators, gas tanks etc. are simple maintenance chores.

The deeper hull design on the Panthera III provides an even smoother, rough water ride with reduced backwash than the earlier Panthera's. This deeper hull was specifically designed for tournament anglers who often fish in big, rough, open water conditions.

A Panthera III DC is available with dual consoles for those who prefer the looks and added protection from the elements for their passengers. The passenger's console has a large glove box for added storage.

Compare the standard features, performance, handling, rough water ride, quality craftsmanship, customer satisfaction, and Bass Cat's reputation to any bass boat on the market ... bar none. You will see, regardless of which Panthera you might choose, one thing for sure ... you can't make a bad choice.

Standard Features:

- BP101 LCD Digital Dash With Water Pressure Gauge
- Dual Rod Boxes on Front
- Built-In Triple Battery Charger
- Lighted Storage Boxes
- 6 Bolt Jackplate
- Zercom Classic In-Dash
- Dual Bilge Pumps (Auto or Man.)
- Dual Aerated Livewells
- Livewell Flush Valves
- Freshwater Aeration/Re-Circulation With Timers
- Graphic Dash Panel
- Hydraulic Steering With Tilt Wheel
- Bubble Trim
- Metal Flake Cap
- Trim Stripe on Hull
- Console Tray w/Lighter
- Four Interior Courtesy Lights
- Livewell Control Valve
- Circuit Breakers
- Carpeted Floor Edging
- Three Seat Positions
- Two Tempress Fold Down Fishing Seats With 13" Extensions
- Battery Check Gauge
- Front Light Switch
- Carling Switches
- Removable Rear Lids
- Front Accessory Switch
- Rear Terminal Block
- SS Welded Handrails
- Lockable Storage Boxes
- Hydraulic Lid Openers
- Running Lights
- Tackle Box Shell
- Master Switch
- Horn
- Four Cleats (Flush mount)
- 12/24/36 Bow Panel w/6 Gauge Wire
- Front Trim Buttons
- Passenger Handrails
- Rod Strap
- Rope Bump Molding
- Dual 26 Gal. Fuel Tanks
- PVC Enclosed Wiring Harness
- Color Coded Wiring
- Mercury Switches
- Recessed Trolling Motor Pedal Basin at Bow
- Gil Battery Trays
- Hydraulic Tilt Steering
- Map Holder Under Dash
- Dual Rod Straps
- R&R Aluminum 3D Series Trolling Motor Battery Tray
- Rod Organizer

• Tandem Axle Trailers are Standard

Optional Equipment:

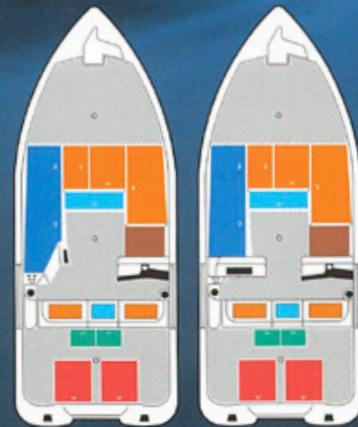

- Dual Consoles
- Silhouette Package
- Ski Ladder
- Ski Tow Bar
- Flush Mount Controls: OMC, Mercury, Yamaha or Suzuki
- Pro Butt Seat
- Lowrance Electronics
- Pinpoint Electronics
- MotorGuide 767, TE767, TE761, TE781, PTE781, TE7107, PTE7107, 5107, and 6107 Trolling Motors (Bounce Buster included on all Trolling Motors)
- Hydraulic Jackplate
- Elevated Flippin' Deck
- Pro Aeration
- Lighted Livewells
- Anchor Reins
- Plexiglass Windscreen
- AM/FM/Cass or Deluxe AM/FM/CD Stereo With Remote
- Insert Cover for Recessed Trolling Motor Basin
- Custom Boat Cover
- Hamby's Bow Protector
- R&R Aluminum Cranking Battery Tray
- Hot Foot
- Hot Foot Slide
- Telex Single or Dual Pro Trim
- Flippin' Deck Compartment

*Available in motor combo format for added value.

Standard Features:

Metal Flake Cap • Trim Stripe on Hull • Rope Rub Rail • Bubble Trim • Metal Flake Insert • Carpeted Floor Edging • Carling Switches • Front Trim Buttons • 12/24/36 Bow Panel with 6 Ga. Wire • PVC Enclosed Wiring Harness • Color Coded Wiring • Dual Rod Boxes • Ice Chest • VDO Instrument Panel (Tach/Fuel/Speed) with BP2000 In-Dash • Deluxe Tilt Steering Wheel • Circuit Breakers • Single Partitioned Aerated Livewell • Livewell Control Valve • Recirculating Livewell w/Timer • Freshwater Aeration/Re-Circulation with Timers • Livewell Flaps • Bilge Pump • (2) Tempress Fold Down Fishing Seats • Running Lights • Lockable/Carpeted Storage Boxes with Aluminum Lids • Hydraulic Lid Openers • Master Switch • Horn • Rod Strap • Dual Steering • Courtesy Lights (2) • Stainless Steel Handrails • Three Seat Positions • Bench Seat • Two Flush Mount Cleats • Zercam RIS Unit • Recessed Trolling Motor Pedal Mount • Center Line Trolling Motor Mount • 6 Bolt Jackplate • Low Profile Windscreen • Battery Trays

*Available in motor combo format for added value.

Optional Equipment:

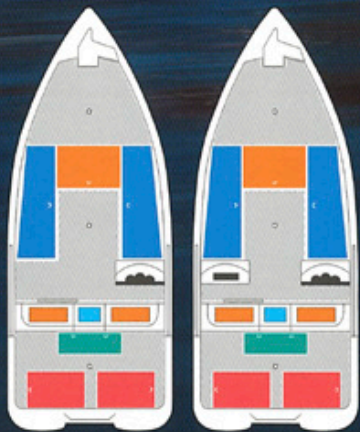

Elevated Flipping Deck • Triple Battery Charger • Lowrance Electronics • Pinpoint Electronics • 6 Bolt Hydraulic Jackplate • Hydraulic/Tilt Steering • MotorGuide 767, TE767, TE761, TE781, PIE781, TE7107, PIE7107, S107, and 6107 Trolling Motors (Bounce Buster included on all) • Flush Mount Controls: OMC, Mercury, Yamaha, or Suzuki • Ski Ladder • Ski Tow Bar • Taller Plexiglass Windscreen • Silhouette Package • Anchor Reins • Pro Butt Seat Exchange • Pro Aeration • Livewell Flush Valve • Console Tray • AM/FM/Cass or Deluxe AM/FM/CD Stereo With Remote • Dual Consoles (DC) • High Back Seats • Padded Seating on Rod Box Lids (DC) • Gil Battery Trays • Dual 21 Gal. Fuel Tanks • Insert Cover for Trolling Motor Basin • Custom Boat Cover • Taller Windscreen • Optional BP2000 with Dual Bilge, Auto Bilge, Lighted Boxes, Buglar Alarm • Hamby's Bow Protector • Floppin' Deck Compartment • Hot Foot • Hot Foot Slide • Teleflex Single or Dual Pro Trim • Rod Organizer • Livewell Flush Valve • R&R Aluminum 30 Series Trolling Motor Battery Tray • R&R Aluminum Cranking Battery Tray • Lighted Livewells

The Classic features smooth lines in a low profile design. The "all fiberglass" hull, stringers, and transom offer a superior rough water ride and long term durability. Plus, it's a whole lot easier on your pocketbook while still meeting the demands of the serious angler. Dual rod boxes, a new center line trolling motor mount with recessed trolling motor pedal basin, aerated and recirculating livewells, 36 gal. fuel tank, tilt steering, and aluminum lids are just a few of the standard features.

Additional storage is found under the seats, with an ice chest located between the driver and passenger seats. Behind the seats you will find a rear deck large enough for your partner to move around with greater ease.

A Classic dual console (DC) is also available for those who use their boat for both skiing and fishing, or just prefer the appearance of the dual console boats.

This Panthera's hull design provides the ultimate in "big boat" performance and handling in all types of water conditions, giving you a safe and dry ride. A modular console includes the standard BP2000. Dual full length rod boxes and front deck storage areas to hold all the rods and tackle needed for a serious day of fishing for you, and your

Note: Panthera Classic "L" Series Standard Features are the same as the Sabre

BP2000

Features: Surface Temp • Fuel Gauges • Volt Meter • Clock • Programmable Aeration/Re-Circulation • Bilge • Accessory • Horn
Options: Dual Bilge • Auto Bilge • Lighted Boxes • Buglar Alarm

SABRE

Sabres feature low profiles with smooth aerodynamic contours ... with a price tag aimed at those efficiency minded fishermen.

The Sabre has long been considered one of the "Hot Rods" of the Bass Cat line. So, all you fishermen with a few boyhood actions surfacing every now and then... this is the boat for you! It is truly fun to drive, a quick throttle response will keep you in the fast lane right from the instantaneous "hole shot." Plus, this Sabre handles like a dream ... you always know you're in control, it will take a turn smoothly.

Tournament fishermen will certainly appreciate the added front and rear deck space as well as the recessed trolling

motor basin to help relieve knee and ankle stress. Fishermen will also be impressed with the list of standard features, from dual steering, hydraulic lid openers, and a dual aerated livewell with removable divider to name a few. When you are comparing the Sabre to other 18' boats the impressive list of standard features and uncompromising Bass Cat "all fiberglass" quality throughout will prove this to be one of the best "values" on the market.

A generous listing of options are available for the Sabre, including a Flippin' Deck for added storage beneath the deck.

Trailer:

The Sabre's Trailer is 4" channel and comes with brakes. It features fiberglass fenders and aluminum wheels with a spare tire as standard equipment.

Standard Features:

- Dual Rod Boxes • Metal Flake Cap • Trim Stripe on Hull • Rope Rub Tail • Bubble Trim • Metal Flake Insert • Carpeted Floor Edging • SS Handrails • Front Trypt Buoyals • 12/24/36 Rev Panel with 8/16 Ga. Wire • Recessed Trolling Motor Basin • Color Coded Wiring • PVC Enclosed Wiring Harness • X-28 In Dash • Deluxe Steering Wheel • Speed/Tach/Fuel Gauges • Circuit Breakers • Carling Rocker Switches at Dash • Dual Aerated Livewell With Removable Divider • Livewell Control Valve • (2) Tempres. Fold Down Fishing Seats with 13" Seat Extensions • Three Seat Positions • Bench Seat With Storage and Ice Chest • Running Lights • Front Light Switch • Lockable Storage Boxes • Aluminum Lids • Hydraulic Lid Openers • Horn • Rod Strap • Dual Steering • Bilge Pump • Freshwater Aerator Man/Auto w/Timer • Courtesy Light • 12V Outlet

Optional Equipment:

- Silhouette Package • Master Power Switch • Built-In Battery Charger (3) • Pro Butt Seat • Lowrance Electronics • Pinpoint Electronics • Elevated Flippin' Deck • Manual or Hyd. 6 Bolt Jackplate • Hydraulic/Tilt Steering (includes jackplate) • Pro Aeration • Livewell Flaps • Livewell Flush Valve • Cigarette Lighter • MotorGuide 767, TE767, TE761, TE781, PTE781, TE7107, PTE7107, 5107, and 6107 Trolling Motors (Bounce Buster included on all) • Ski Tow Bar or Ladder • 42 Gal. TRAILERS

Most people take the trailer sitting under that shiny new Bass Cat Boat for granted ... but we take our trailers very seriously. Unlike most manufacturers, Bass Cat builds Bass Cat Trailers ... one at a time, to fit the specific hull design of each model boat. Every member and cross support is jigged, fitted and welded to exact tolerances ... there is *zero adjustment* on a Bass Cat Trailer. Axles are also jigged, and welded in a pattern weld to assure minimal tire wear from caster to camber. Finally, each trailer is painted and carpeted to perfectly coordinate with the boat for which it was built.

And we didn't stop there once it was perfected. Innovations as the newly designed Swing Away Tongue, and, the Tandem Pop Axle (which allows it to maneuver as a single axle) make life at home and on the road a lot more convenient for Bass Cat owners.

At Bass Cat, your safety and the investment you have made in your boat are not taken for granted ... we demand the highest quality materials and craftsmanship, for your safety and security ... it's a family tradition.

Standard Features:

3000 lb. Axle • Waterproof Bearings • 15" Aluminum Mod Wheels with Raised White Letter Firestone Firehawk Tires • 4" Steel Channel Construction • 1200 lb. Winch • Side Mount Jack • Recessed Spare Tire Mount • Spare Tire • Fiberglass Color Co-ordinated Fenders & Carpeting • Recessed Waterproof Lights • Polyurethane Enamel Finish • Surge Disk Brakes

OWNERS INVITATIONAL

Every year we look forward to our "Family Reunion"... The Bass Cat Invitational on Lake Norfork. We call this a family reunion because it's one time each year that all Bass Cat owners (our family) are invited to Mountain Home, Arkansas for some good ole Ozark hospitality. Our only goal is to show our sincere appreciation to our family of Bass Cat Boat owners.

The two day Friday & Saturday Invitational begins with registration on Thursday evening. Friday morning is truly a sight to behold, as the sun peeks over the mountains, your heart starts pounding a little faster as the daylight reveals a bay with little lights dancing all around on the water. It's not often that you see such a spectacle as 700-800 Bass Cat Boats staged for an early morning tournament takeoff. It is an

overwhelming sight to behold.

The Bass Cat Owners Invitational is a true family affair. We provide an atmosphere for family participation.

Saturday morning brings the final day of competition and some serious thinking, and wondering if any of those fish stories heard the night before had any truth to them. The afternoon's final day weigh-in provides a little computer printout

that makes several folks really appreciate this "Family Reunion". Following the final weigh-in contestants get a little time to relax, and swap a few fish stories before getting ready for the trip home.

We promise you one thing, on the way home you will look forward to the next year's Bass Cat Owners Invitational.

EXTENDED LIFETIME TRANSFERABLE STRUCTURAL WARRANTY **WARRANTY**

Bass Cat Boats warrants each new fiberglass boat to its original non-commercial purchaser for a two (2) year period. Warranted to be free from defects in the workmanship and materials, under normal use and conditions. An extended Lifetime Warranty also applies. These are transferrable warranties through an authorized Bass Cat dealer or through Bass Cat Boats. There is a charge for transferring the warranty and it may be transferred only under the guidelines issued at that time period. All components to be covered under the warranty must be operational at the time of transfer and validated by an authorized service center. Transfer is only complete upon receipt by Bass Cat of the approved qualification form and fees of transfer.

Extended *lifetime warranty* to the original consumer is transferable on used boats which are sold through an authorized Bass Cat dealership and/or pass a qualifications check list for that particular model. There is a charge for verification and transfer. Lifetime warranty covers manufacturers defects in the structure in its original state. Any modifications, additions or changes to the boat from its original manufactured condition may be judged invalid for transfer. Under those conditions only the fees for transfer will be redeemed. Qualification fees will be deemed as a service performed.

To validate the warranty, the boat registration card must be returned to Bass Cat Boats within fifteen (15) days of the original purchase. Under Federal law all boat manufacturers are required to notify first purchasers, in the event that any defect is discovered 'which creates a substantial risk of personal injury to the public', or any non compliance with Federal regulations by the manufacturer. Failure by any first purchaser to fill out and return the warranty registration card, may make it impossible for Bass Cat Boats to give direct notice to such purchaser.

This warranty does not apply to (1) Any boat which shall have been repaired or altered in any way so as to affect its use and operation; (2) gelcoat cracking, crazing, blistering, fading, discoloring or any similar situation; (3) windshield breakage; (4) any boat which has been subject to misuse, neglect, accident, used for racing purposes or operated contrary to any instructions furnished by Bass Cat Boats; (5) upholstery damage; (6) any boat utilizing over a 6" jackplate or changing or altering of standard equipment offered specifically by Bass Cat; (7) any boat which has been overpowered, according to the maximum recommended engine horsepower specified for that particular model, on the capacity plate. (8) any part or component which has expired within a reasonable time of its expected operational period; (9) aluminum boats (as they are covered under

their separate warranty). Bass Cat warrants all Bass Cat trailers for a period of two (2) years, for noncommercial use under guidelines stated in this limited warranty. No exceptions or other offers apply. Tires and certain other items may be subject to their own independent warranty restrictions and available only through those companies agents or representatives. Transfer is applicable under transfer guidelines in this written warranty.

This warranty is expressly in lieu of all other warranties, express or implied, including any implied warranty of merchantability or fitness for a particular purpose, and in lieu of all other obligations or liabilities on the part of Bass Cat Boats. Bass Cat Boats expressly denies, on the part of any person to incur or assume for it, any other liability in connection with the sale or use of its boats and trailers. Implied warranties, if any, given by valid law, shall be limited to the duration of this written warranty.

The obligation of Bass Cat Boats, under this warranty, shall be limited to the repair or replacement of any part which is judged defective by Bass Cat Boats. During the term of this warranty repairs will be made free of charge at any authorized Bass Cat Service Center under guidelines accepted by Bass Cat, or by Bass Cat itself at its discretion. Transportation costs to the factory are the responsibility of the purchaser. All warranty repairs must be approved by Bass Cat personnel, whose decisions are final. Removal of components which are termed rigging parts will not be the responsibility of Bass Cat Boats. Bass Cat Boats will not be liable for haul-out, launching, towing or storage charges, inconvenience or loss of time or income, or any other special or consequential damages of any kind or nature.

Bass Cat Boats accepts no liability for those components which are or may be marketed to the retail consumer and selected as optional equipment on a Bass Cat Boat. Examples of those components may be and are not limited to, outboard engines, propellers, fish finding equipment, instruments, trolling motors, battery chargers, engine controls and ignition switches, batteries, radio/stereos, bow guards and covers.

The information in this literature is based upon the latest product information available at the time of publication approval. Bass Cat Boats reserves the right to make changes anytime, without notice, in colors, equipment, specifications, materials, hulls, prices, and discontinuation of models. When changes are made, we reserve the right to do so without incurring the obligations to equip, or modify, existing models built prior to the date of such changes.
