

A FAMILY TRADITION FOR NEARLY THREE DECADES ... INNOVATING AND BUILDING DREAMS FOR AMERICAS FISHERMEN.

2002/2007

TOTAL PERFORMANCE BASS BOATS

WWW.BASSCAT.COM

WE BUILD DREAMS ... NO ONE MAKES THE PERFECT BOAT ... WE JUST MAKE THEM BETTER!

We are living in a fast changing world. Through the Internet and personal computers we can do many things never imagined in 1971. This is the year we began building Bass Cat's in the Ozark hills of Arkansas. Back then a good depth finder came in one form ... a box that flashed orange bars in a circle and trolling motors lacked the thrust and dependability of today. Our motors were in the 70 hp range and they had bronze propellers at best. Who would even have thought of needing a spare propeller.

Since 1971 we have grown and evolved into one of America's premium bass boat manufacturers. Our traits as a small family owned facility have allowed us a close following of hard core anglers. Those anglers opinions are a major influence in the design and development of our products. We listen and we do our best to react. Always keeping our quality and integral structure at the core of our designs.

Design work goes way beyond hulls and stringer systems, it goes on to Interplastics Vinyl Ester resins being used throughout the entire production of our parts. This resin is truly unique, not a hybrid with a fancy gimmicky name or model number. This extends the longitudinal properties and durability of our products. This VE resin is also less permeable from water which basically reduces fracturing and blistering. Advanced research and development has also been done on the output amperage of the battery charger's at low voltage, amp draws of the bilge pumps under loads, oxygen content and ph of the livewells, current flow of the wire, durability of the seat vinyl, and on and on. You see, this attention to continued innovation goes way beyond the spit and polish of the pretty metallic finish. It extends to the raw materials and components selected for use in each new Bass Cat.

Today our market has been filled with gimmicks and attacks. People attack anyone on anything. They talk about structure with one word, Composite. If composite is so great ...

what is it? Buzz words do not build boats. We have proven ourselves for 30 different model years of production. Through all of this Jan and I have remained as the founding owners and operators of Bass Cat Boats. All with no type of flip flopping and restructuring. Who else can say this?

As we go through Y2K we are in a growth mode. Our sales are flourishing and our dealer base is growing. Expansion of our facilities is ongoing and changes in production techniques have allowed us to be extremely technologically advanced over our competition. All of this is a result of people like yourself. Anglers who have allowed us to continue our dream and to enjoy a wholesome family sport. All while working together in achieving a better product, and helping to fulfill their dreams of owning a new Bass Cat.

We see that family sport extended to our consumers each year at the annual "Bass Cat Owners Invitational Tournament". There we have "family" ... from husbands and wives to nephews and nieces fishing as teams. What other sport allows our society the time to talk and share true quality time with our loved ones? Such values should be an agenda of every family. We invite you to this event each year for the family reunion. And it is a "family reunion" in many different ways, for your family, and our family, enjoying our time together as the "Bass Cat Family." If you don't own a Bass Cat, come with a friend who does.

We still say that no one makes the perfect bass boat ... we just make them better.

Good Fishin.

Ron Pierce

Bass Cat

WE BUILD DREAMS ... EVERY FACET OF A BASS CAT IS BUILT TO OUR UNCOMPROMISING QUALITY CRAFTSMANSHIP STANDARDS ... NOT SOMEONE ELSE'S!

Hand craftsmanship, utilizing only the highest quality materials available, is a family tradition at Bass Cat which is uncompromising. Each step in the manufacturing process is completed by individuals who demand quality ... with attention to the smallest detail in every phase of the boat building process. Customer satisfaction, while continually striving for perfection in our products is the basis of our success, of which we are very proud. Hopefully you look for it in every facet of the Bass Cat Boat. As you look at this "Family Album" of photos taken throughout the Bass Cat factory, keep in mind that our boats, trailers, seating, wiring harnesses, even the embroidery on the Bass Cat seats are all made from raw materials at Bass Cat, *not made for Bass Cat.*

When we put the Bass Cat name on our boat, we know every facet of the final product meets our uncompromising Quality Craftsmanship standards... *not someone else's.*

JAGUAR

Boat Color Shown: BMSD1216

The Jaguar Bass Boat from Bass Cat Boats can be described with one word ... **AWESOME!** This 20'3" hull glides over and thru the water with ease. It's stable, yet agile even in rough water, and a dream to drive.

Performance is a word which has always been associated with Bass Cat Boats, the 20' Jaguar is no exception. Passengers will swear they are out for a Sunday drive, even as their cheeks and eyelids are pulled back as they sense its smooth acceleration to a blistering "top end".

Tournament fishermen and their partners will never get in one another's way, nor stumble over equipment getting to the net. A master rod box and a separate partners rod box in the rear deck keeps all rods and reels organized and out of the way. Front and rear deck storage compartments provide all the additional tackle and accessory storage any fisherman could ever need or want.

At the bow, fishermen will find Bass Cat's patented recessed basin which holds the trolling motor foot

control. It's flush with the deck, puts fishermen 10-12" closer to the action, plus helps relieve back and foot strain associated with a day's fishing. This recessed area also provides space for a digital graph. Three front storage compartments plus an ice box keep everything close and offer plenty of floor space for two "flippin'" close cover.

At the console you will marvel at the amount of information displayed with a simple touch on the digital BP101 "Super Dash". The BP 101 provides; location, distance and time traveled, surface temp, barometric pressure, and livewell temp to help monitor the day's catch and ensure a safe, healthy release. The BP101 also helps keep an accurate "pulse" on the engine while helping to gain the Jaguars ultimate performance at all levels of operation.

A dual console (DC) model is also available for those who prefer the looks and passenger convenience offered by two consoles.

This Bass Cat Jaguar is simply the "ultimate" bass boat.

Standard Features:

BP 101 Super Dash • Built-In, Triple Battery Charger • Lighted Storage Boxes • 6 Bolt Jackplate • Hydraulic Steering with Tilt Steering Wheel • Zercom Classic In-Dash • Dual Bilge Pumps (Auto or Man.) • Dual Aerated Livewells • Freshwater Aeration/Re-Circulation with Timers • Livewell Flush Valves • Graphics Dash Panel • Bubble Trim • Metal Flake Cap • Trim Stripe on Hull • Console Storage Tray with Lighter and Light • Four Interior Courtesy Lights • Two 12v Accessory Outlets • Livewell Control Valve • Circuit Breakers • Carpet Floor Edging • Three Seat Positions • Battery Check Gauge • Bow Navigation Light Switch • Carling Switches • Removable Rear Lids • Front Accessory Switch • Dual Rear Livewells • Rear Circuit Break • Stainless Steel Handrails • Lockable Storage Boxes • Hydraulic Lid Openers • Warning Lights • Tackle Box Shell • Master Power Switch • Horn • Four Cleats (Flush Mount) • Two Teapress Fold Down Seats • Two 13" Extensions • 12/24/36 Bow Panel Plug with 6 Gauge Wire • Front Power Trim Buttons • Passenger Handrails • Three Rod Straps • Rope Bump Molding • 52 Gallon Fuel Capacity (Dual 26 gal. Tanks) • PVC Enclosed Wiring Harness • Color Coded Wiring • Mercury Switches • Recessed Trolling Motor Basin at Bow • Large Front Rod Box with Organizer • Rear Rod Box (Passenger) 6'10" • Two Ice Boxes • Passenger Storage Box • Three Drink Holders

• Passenger Foot Rest • Storage Under Bench Seat • Three Storage Areas at Bow • Gil Battery Trays • Tackle Storage on Back Deck • Map Holder Under Dash • Dual Rod Straps • Tandem Axle Trailers are Standard

Optional Equipment:

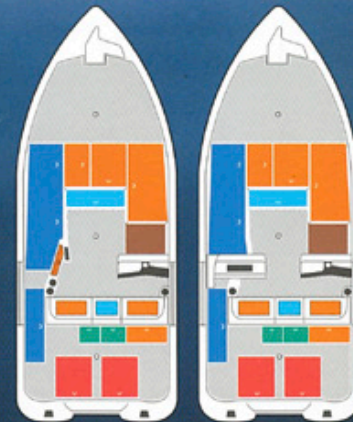

BP101 Compass • Dual Consoles (DC) • Silhouette Package • Ski Ladder • Ski Tow Bar • Flush Mount Controls (Mercury, OMC, Yamaha or Suzuki) • Pro Butt Seat • Lowrance Electronics • MotorGuide 767, TE767, TE761, TE781, PTE781, TE7107, PTE7107, 5107, and 6107 Trolling Motors (Bounce Buster inc. on all except 767) Trolling Motors • Hydraulic 6 Bolt Jack Plate • Flippin' Deck Insert • Pro Aeration • Lighted Live Wells • Anchor Reins • Plexiglass Windshield • AM/FM/Cassette (Std) or Deluxe AM/FM/CD Stereo With Remote • Custom Boat Cover • Insert Cover for Trolling Motor Basin • Hamby's Bow Protector

• Dual Axle Brakes (Optional) Recommended on all Jaguar Trailers.

* Available in moor combo format for added value.

Optional Equipment:

BP2000 w/ Surface Temp, Dual Consoles (DC) • Silhouette Package • Ski Ladder • Ski Tow Bar • Flush Mount Controls (Mercury, OMC, Yamaha or Suzuki) • Pro Butt Seat • Lowrance Electronics • MotorGuide 767, TE767, TE761, TE781, PTE781, TE7107, PTE7107, S107, and 6107 Trolling Motors • Hydraulic 6 Bolt Jack Plate • Flippin' Deck Insert • Pro Aeration • Lighted Live Wells • Anchor Reins • AM/FM/Cassette (Std) or Deluxe AM/FM/CD Stereo With Remote • Custom Boat Cover • Optional 52 Gal Fuel System for 225/250/280 hp., or Long Run Capability • Insert Cover for Trolling Motor Basin • Built-In Triple Battery Charger • Console Tray • Rod Strap • Taller Windscreen • Additional Bilge Pump • High Back Seats • Hamby's Bow Protector • Livewell Flush Valve

• Dual Axle Brakes (Optional) Recommended on all Cougar Trailers.

Optional BP2000

Features: Surface Temp • Fuel Gauges • Volt Meter • Clock • Programmable Aeration/Re-Circulation • Bilge • Accessory • Horn

Options: Dual Bilge • Auto Bilge • Lighted Boxes • Burglar Alarm

The Cougar from Bass Cat made its debut at the Mercury Dealer Meeting for the late '99 model year. The 20'3" hull is based on the "top of the line" Jaguar. Stable, and lighter, yet agile handling as it corners even in rough water.

Cougars are positioned in the line at the top of the mid range Bass Cats. Easier on your billfold while still offering "top of the line" Bass Cat quality construction throughout. Performance is a word which has always been associated with Bass Cat Boats, this 20' Cougar will set the mark... which others will be hard pressed to follow.

Tournament fishermen will appreciate the massive decks both front and rear offering plenty of room for two flippin' tight cover. Two full length rod boxes will keep all rods and reels organized and out of the way. Plus, convenient partner rod storage is accomplished with a built-in rod holder beside the passenger seat. Keeps those rods handy yet secure on those early morning tournament take-offs. Front, and rear

storage compartments under the bench seat provide all the tackle and accessory storage any fisherman could ever need. Two ice chests, one at the front and one at the rear between the seats keep lunch and drinks easily accessible to all.

At the bow, fishermen will find Bass Cat's patented recessed basin which holds the trolling motor foot control. It's flush with the deck, out of the way, puts fishermen 10-12" closer to the action, plus it helps relieve back and foot strain associated with a day's fishing. This recessed area also provides space for a digital graph.

A new modular console includes a BP400 with a Zercom RTS, plus VDO Tach/Speed/Fuel gauges.

PANTERA III

Boat Color Shown: BASE1251

Take a close look ... re-designed hull and deck designs abound on the Panthera III. The Panthera for which we have built a wonderful reputation has many new refinements ... based on 2000 styling.

From the deeper eight stringer hull to the BP101 LCD Digital Dash, the Panthera III is pure perfection in quality, craftsmanship, and boating innovations which puts new meaning in our tag line...*Total Performance Bass Boats*. The Pierce family tradition of continued innovation and years of planning and discussions with professional fishermen have produced the Panthera III.

Our patented recessed trolling motor pedal basin at the bow helps reduce back, knee and ankle stress while placing fishermen 10-12" closer to the action. This deck modification also allows for an additional rod box, larger storage areas, and a console design which allows even the largest of anglers *ample room and comfort behind* the Momo tilt steering wheel. Better comfort is also found in the bench seats, higher backs for additional support. Between the seats you will find a convenient additional ice chest.

Passengers will find a convenient, secure rod storage shelf beside the bench seat. The roomier rear section of the deck has smooth rounded corners which are more aerodynamic and allow motor control cabling to exit at the center of the splashwell and enter the engine with less binding and kinking as they link to the console control.

The deeper hull design on the Panthera III provides an even smoother, rough water ride than the earlier Panthera's. This deeper hull design also allows for reduced backwash on shut down.

A Panthera III DC is available with dual consoles for those who prefer the looks and added protection from the elements for their passengers. The passenger's console has a large glove box for added storage.

Compare the standard features, performance, handling, rough water ride, quality craftsmanship, customer satisfaction, and Bass Cats reputation to any bass boat on the market...bar none. You will see, regardless of which Panthera you might choose, one thing for sure ... you can't make a bad choice.

Standard Features:

BP101 LCD Digital Dash • Dual Rod Boxes on Front Deck • Built-In Triple Battery Charger • Lighted Storage Boxes • 6 Bolt Jackplate • Zerom Classic In-Dash • Dual Bilge Pumps (Auto or Man.) • Dual Aerated Livewells • Livewell Flush Valves • Freshwater Aeration/Re-Circulation With Timers • Graphic Dash Panel • Hydraulic Steering With Tilt Wheel • Bubble Trim • Metal Flake Cap • Trim Stripe on Hull • Console Tray w/Lighter • Four Interior Courtesy Lights • Livewell Control Valve • Circuit Breakers • Carpeted Floor Edging • Three Seat Positions • Two Tempress Fold Down Fishing Seats With 13" Extensions • Battery Check Gauge • Front Light Switch • Carling Switches • Removable Rear Lids • Front Accessory Switch • Rear Terminal Block • SS Welded Handrails • Lockable Storage Boxes • Hydraulic Lid Openers • Running Lights • Tackle Box Shelf • Master Switch • Horn • Four Cleats (Flush mount) • 12/24/36 Bow Panel w/6 Gauge Wire • Front Trim Buttons • Passenger Handrails • Rod Strap • Rope Bump Molding • Dual 26 Gal. Fuel Tanks • PVC Enclosed Wiring Harness • Color Coded Wiring • Mercury Switches • Recessed Trolling Motor Pedal Basin at Bow • GIL Battery Trays • Hydraulic Tilt Steering • Map Holder Under under Dash • Dual Rod Straps

• Tandem Axle Trailers are Standard

Optional Equipment:

Fuel Tanks • Insert Cover for Trolling Motor Basin • Custom Boat Cover • Taller Windscreen • BP2000 w/ich Surface Temp • Hamby's Bow Protector

* Available in motor combo format for added value.

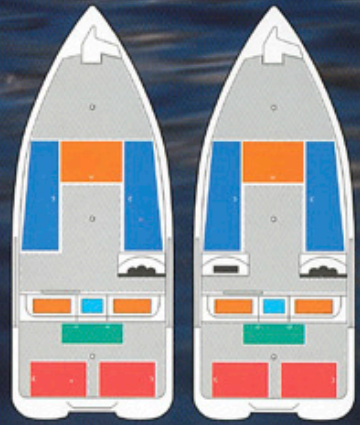

The Classic features smoother lines in a re-designed top cap and hull which offers a superior rough water ride, all in a new low profile design. And, its a whole lot easier on your pocketbook while still meeting the demands of the serious fisherman. Dual rod boxes, a new center line trolling motor mount with recessed trolling motor pedal basin, aerated and recirculating livewells, 36 gal. fuel tank, tilt steering, and aluminum lids are just a few of the standard features.

Additional storage is found under the seats, with an ice chest located between the driver and passenger seats. Behind the seats you will find a rear deck large enough for your partner to move around with greater ease.

A Classic dual console (DC) is also available for those who use their boat for both skiing and fishing, or just prefer the appearance of the dual console boats.

This Panthera's hull design provides the ultimate in "big boat" performance and handling in all types of water conditions, giving you a safe and dry ride. A modular console includes a BP400 with VDO Tach/Speed/Fuel gauges. Dual full length rod boxes and front deck storage areas to hold all the rods and tackle needed for a serious day of

Note; Panthera Classic "L" Series Standard Features are the same as the Sabre

SABRE

2000 Sabres feature low profiles with smooth aerodynamic contours ... and a price tag aimed at those efficiency minded fishermen.

The Sabre has long been considered one of the "Hot Rods" of the Bass Cat line. So, all you fishermen with a few boyhood actions surfacing every now and then... this is the boat for you! It is truly fun to drive, a quick throttle response will keep you in the fast lane right from the instantaneous "hole shot". Plus, this Sabre handles like a dream ... you know you are always in control, and it will take a turn smoothly, no hopping or skipping.

Tournament fishermen will certainly appreciate the

added front and rear deck space as well as the recessed trolling motor basin to help relieve knee and ankle stress. Fishermen will also be impressed with the list of standard features, from dual steering, hydraulic lid openers, and a dual aerated livewell with removable divider to name a few. When you are comparing the Sabre to other 18' boats the impressive list of standard features and uncompromising Bass Cat quality throughout will prove this to be one of the best "values" on the market.

A generous listing of options are available for the Sabre, including a Flippin' Deck allowing added storage beneath the deck.

Standard Features:

Dual Rod Boxes • Metal Flake Cap • Trim Straps on Hull • Rope Rub Rail • Bubble Trim • Metal Flake Inserts • Carpeted Floor Edging • SS Handrails • Front Trim Buttons • 12/24/36 Bow Panel with 8 Ga. Wire • Recessed Trolling Motor Basin • Color Coded Wiring • PVC Enclosed Wiring Harness • 1-28" In Dash • Deluxe Steering Wheel • Speed/Tach/Trip Gauges • Circuit Breakers • Carling Rocker Switches at Dash • Dual Aerated Livewell With Removable Divider • Livewell Control Valve • (2) Tempress Fold Down Fishing Seats with 13" Seat Extensions • Three Seat Positions • Bench Seat With Storage and Ice Chest • Running Lights • Front Light Switch • Lockable Storage Boxes • Aluminum Lids • Hydraulic Lid Openers • Horn • Rod Strap • Dual Steering • Bilge Pump • Freshwater Aerator Man/Auto w/Timer • Courtesy Light • 12V Outlet

Trailer:

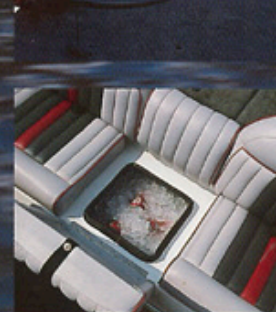

The Sabre's Trailer is 4" channel and comes with brakes. It features fiberglass fenders and aluminum wheels with a spare tire as standard equipment.

Optional Equipment:

• Silhouette Package • Master Power Switch • Built-In Battery Charger (3) • Pro Butt Seat • Lowrance Electronics • Elevated Flippin' Deck • Manual or Hyd. 6 Bolt Jackplate • Hydraulic/Tilt Steering (includes jackplate) • Pro Aeration • Livewell Flaps • Livewell Flush Valve • Cigarette Lighter • MotorGuide 767, TE767, TE761, TE781, PTE781, TE7107, PTE7107, 5107, and 6107 Trolling Motors (Bounce Buster inc. on all except 767) • Ski Tow Bar or Ladder • 42 Gal. Fuel Tank • Anchor Reins • Low or High Plexiglass Windscreen • Console Tray • AM/FM/Cass (Std) or Deluxe AM/FM/CD Stereo With Remote • Custom Boat Cover • Flush Mount Controls • BP2000 Dash With Surface Temp • 6 Gauge Trolling Motor Wiring • Two Cleats • Welded SS Handrail • Storage Compartment Light • Low Profile Dual Consoles with Low Profile Windscreens • Hamby's Bow Protector

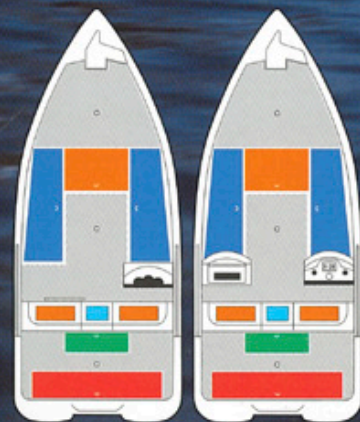

* Available in motor combo format for added value.

- MotorGuide 767 Trolling Motor • BP2000 • Zercom Classic • Boat Cover • Spare Tire • Stainless Steel Prop • Lowrance Electronics • 6 Gauge Trolling Motor Wire

A and Z Series Cat's are high quality aluminum Bass Cat Boats. Not only economical, but offer you great performance, and handling, with a solid ride.

Fishermen will appreciate the plush Tempress seats and 20 oz. carpeting, just like those found in our "top of the line" fiberglass boats. Under the carpeting you will find solid marine plywood with aluminum flooring and side panels. "Solid" as no other manufacturer devotes as much lateral bracing support. The hull is made from .100 gauge aluminum and is "all welded".

A major advantage in our construction is the center line ice rail extrusion on the bottom of the hull. It protects the hull from any obstructions, plus contributes to added stability in high winds, and other rough water conditions.

Fishermen will find many thoughtful design elements built into these boats. A rod locker and great storage at the front, while a partner on the rear deck also has storage running the width of the boat under the seats. A large 31" aerated livewell is also at the rear, as is access to the built-in fuel tank, batteries, and easy maintenance cartridge style bilge and aerator pumps.

As you can see by reviewing the standard features, this is not a stripped down boat ... but one with many features usually found only in "big boats". Even though you don't require, or desire a "big" boat, you can still expect and deserve the same "Bass Cat" quality and workmanship as found in our top of the line fiberglass boats.

TRAILERS

Most people take the trailer sitting under that shiny new Bass Cat Boat for granted...but we take our trailers very seriously. Unlike most manufacturers, Bass Cat builds Bass Cat Trailers... one at a time, to fit the specific hull design of each model boat. Every member and cross support is jiggled, fitted and welded to exact tolerances ... there is *zero adjustment* on a Bass Cat Trailer. Axles are also jiggled, and welded

in a pattern weld to assure minimal tire wear from caster to camber. Finally, each trailer is painted and carpeted to perfectly coordinate with the boat for which it was built.

At Bass Cat, your safety and the investment you have made in your boat are not taken for granted... we demand quality craftsmanship, it's a family tradition.

OWNERS INVITATIONAL

Every year we look forward to our "Family Reunion"... The Bass Cat Invitational on Lake Norfolk. We call this a family reunion because it's one time each year that all Bass Cat owners (our family) are invited to Mountain Home, Arkansas for some good ole Ozark hospitality. Our only goal is to show our sincere appreciation to our family of Bass Cat Boat owners.

The two day (Friday & Saturday) Invitational begins with registration on Thursday evening.

Friday morning is truly a sight to behold, as the sun peeks over the mountains, your heart starts pounding a little faster as the daylight reveals a bay with little lights, dancing all around on the water. It's not often that you see such a spectacle as 700-800 Bass Cat Boats staged for an early morning tournament takeoff. It is an overwhelming sight to behold.

The Bass Cat Invitational is a true family affair. We provide an atmosphere for family participation with Rubber Duck Hunts,

Kids' Contests, and even an event for the wives who aren't fishing the tournament.

Saturday morning brings the final day of competition and some serious thinking, and wondering if any of those fish stories heard the night before had any truth to them: The afternoon's final day weigh-in provides a little computer printout that makes several folks really appreciate this "Family Reunion". Following the final weigh-in contestants get a little time to relax,

and swap a few fish stories before getting ready for the evening festivities. The festivities include... a real honest to goodness Ozarks Barbeque and an evening of fun with friends...totally alcohol free. After everyone is "stuffed," we provide a few drawings for prizes. The final drawing has included a new Bass Cat boat and trailer...not many leave early!

We promise you one thing, on the way home you will look forward to the next year's Bass Cat Owners Invitational.

TRANSFERABLE LIFETIME WARRANTY

WARRANTY

Bass Cat Boats warrants each new fiberglass boat to its original noncommercial purchaser for a two (2) year period. Warranted to be free from defects in the workmanship and materials, under normal use and conditions. An extended Lifetime Warranty also applies. These are transferable warranties through an authorized Bass Cat dealer or through Bass Cat Boats. There is a charge for transferring the warranty and it may be transferred only under the guidelines issued at that time period. All components to be covered under the warranty must be operational at the time of transfer and validated by an authorized service center. Transfer is only complete upon receipt by Bass Cat of the approved qualification form and fees of transfer.

Extended *lifetime warranty* to the original consumer is transferable on used boats which are sold through an authorized Bass Cat dealership and/or pass a qualifications check list for that particular model. There is a charge for verification and transfer. Lifetime warranty covers manufacturers defects in the structure in its original state. Any modifications, additions or changes to the boat from its original manufactured condition may be judged invalid for transfer. Under those conditions only the fees for transfer will be redeemed. Qualification fees will be deemed as a service performed.

To validate the warranty, the boat registration card must be returned to Bass Cat Boats within fifteen (15) days of the original purchase. Under Federal law all boat manufacturers are required to notify first purchasers, in the event that any defect is discovered "which creates a substantial risk of personal injury to the public", or any noncompliance with Federal regulations by the manufacturer. Failure by any first purchaser to fill out and return the warranty registration card, may make it impossible for Bass Cat Boats to give direct notice to such purchaser.

This warranty does not apply to (1) Any boat which shall have been repaired or altered in any way so as to affect its use and operation; (2) gel-coat cracking, crazing, blistering, fading, discoloring or any similar situation; (3) windshield breakage; (4) any boat which has been subject to misuse, neglect, accident, used for racing purposes or operated contrary to any instructions furnished by Bass Cat Boats; (5) upholstery damage; (6) any boat utilizing over a 6' jackplate or changing or altering of standard equipment offered specifically by Bass Cat; (7) any boat which has been overpowered, according to the maximum recommended engine horsepower specified for that particular model, on the capacity plate; (8) any part or component which has expired within a reasonable time of its expected operational period; (9) aluminum boats (as they are covered under their separate warranty).

Bass Cat warrants all Bass Cat trailers for a period of two (2) years, for noncommercial use under guidelines stated in this limited warranty. No exceptions or other offers apply. Tires and certain other items may be subject to their own independent warranty restrictions and available only through those companies agents or representatives. Transfer is applicable under transfer guidelines in this written warranty.

This warranty is expressly in lieu of all other warranties, express or implied, including any implied warranty of merchantability or fitness for a particular purpose, and in lieu of all other obligations or liabilities on the part of Bass Cat Boats. Bass Cat Boats expressly denies, on the part of any person to incur or assume for it, any other liability in connection with the sale or use of its boats and trailers. Implied warranties, if any, given by valid law, shall be limited to the duration of this written warranty.

The obligation of Bass Cat Boats, under this warranty, shall be limited to the repair or replacement of any part which is judged defective by Bass Cat Boats. During the term of this warranty repairs will be made free of charge at any authorized Bass Cat Service Center under guidelines accepted by Bass Cat, or by Bass Cat itself at its discretion. Transportation costs to the factory are the responsibility of the purchaser. All warranty repairs must be approved by Bass Cat personnel, whose decisions are final. Removal of components which are termed rigging parts will not be the responsibility of Bass Cat Boats. Bass Cat Boats will not be liable for haul-out, launching, towing or storage charges, inconvenience or loss of time or income, or any other special or consequential damages of any kind or nature.

Bass Cat Boats accepts no liability for those components which are or may be marketed to the retail consumer and selected as optional equipment on a Bass Cat Boat. Examples of those components may be and are not limited to, outboard engines, propellers, fish finding equipment, instruments, trolling motors, battery chargers, engine controls and ignition switches, batteries, radio/stereos, bow guards and covers.

The information in this literature is based upon the latest product information available at the time of publication approval. Bass Cat Boats reserves the right to make changes anytime, without notice, in colors, equipment, specifications, materials, hulls, prices, and discontinuation of models. When changes are made, we reserve the right to do so without incurring the obligations to equip, or modify, existing models built prior to the date of such changes.

Bass Cat Boats makes every effort to ensure that the brochure information herein is correct and accurate at the time of production. Continual product refinement and design changes may result in revisions to current products that may not be shown in this brochure. We reserve the right to make changes in models, specifications, colors, and features at any time. Please see your authorized Bass Cat Dealer for additional information, options and specific warranty information.
